

Introduction

The Color CCTV Camera with waterproof is designed for DT 2 wire system. The camera's high-resolution, low lux 1/3" CCD element provides clear images even in low light conditions. The adjustable mounting bracket allows the camera to be rotated 360° to enable viewing in virtually any position. The locking screws on the mounting bracket secures the camera after the viewing angle is adjusted.

Features

- Extremely slim design make the camera easy to conceal
- Auto white balance enables true color reproduction in varying light conditions
- Outstanding video signal-to-noise ratio of 48 dB for a noise-free picture
- Low power requirements ensure low heat and long life

Specification

Imaging Element:	SONY CCD
Lens:	3.6 mm, f 1.2
Lux:	0~0.05Lux/f1.2
Resolution:	420 TV Lines
System:	PAL/NTSC
S/N ratio:	>48dB
Video Output:	1Vpp,75Ω
IR Distance:	15m
Supply Voltage:	24VDC
Power Consumption:	300mA
Operation Temperature:	-20°C~50°C
Color:	Black
