# System Requirements

- Windows 98/ 98SE/ 2000/ ME/ XP
- Mac OS 8.6.1 or above (USB 1.1)

# Hardware Installation for UH-420

- 1. Connect the adapter's power connector and USB hub's power connector by the power cable.
- Connect the series-A connector of the USB cable into the downstream port of PC's USB host connector or one downstream port of the upper level of USB hub.
- Connect the series-B connector of the USB cable into the upstream port of the USB hub.

Note: Please plug in the power adapter in our package when hub does not work under bus-power mode.
